

CLEAR LAKE FORENSIC BOOSTER CLUB

September 9, 2009

Dear Parents and Friends of Clear Lake High School Debate and Forensics,

The Clear Lake Forensic Booster Club would like to make you aware of the opportunity to partner with us in supporting the local Clear Lake High School (CLHS) debate and forensic teams. The value of this program is tangible. The students who participate develop skills in research, organization, communication, analytical thinking and logical argumentation. It is the type of training that better prepares them for future success no matter what course of study in college or vocation they may pursue. They are required to maintain a higher than average academic standing and to represent the school and the community as positive role models.

Most of the fees and supplies our team needs to compete must be paid from funds raised from outside sources rather than the school budget. As a booster club, we are a non-profit organization that seeks funding in support of this valuable program to help cover the cost of items such as; tournament entry fees, materials, transportation costs and student scholarships. The success of the CLHS debate team is due not only to the volunteer effort of many, but also to the many businesses and individuals in the community who make a difference in the lives of these young people by financially supporting their efforts. The attached form provides a variety of ways that you can show your support for these young people as a sponsor of CLHS debate and forensics.

On behalf of the CLHS debate and forensics teams and the booster club, I thank you for your generous contribution. Please contact me with any questions.

Sincerely,

Lisa K. Kurtzman
President
